# SaveDrawer

The **SaveDrawer** is a cutting-edge industrial vending machine **designed to enhance efficiency in tool and asset management**. Powered by the proprietary **SaveLog** software, it ensures **secure and organized storage, controlled dispensing, and easy returns of items**. Featuring customizable drawer configurations with varying heights, it **accommodates a wide range of tools and equipment, offering flexible and efficient storage options**. **The system reduces waste, lowers costs, and enhances accountability by granting personalized access rights and generating automated reports**. It integrates seamlessly with units like **SaveBox, SaveSpring, SavePro5, and SaveRent**.

## WHAT TYPE OF ITEMS CAN BE STORED?

Keys

Tools

Drill bits

Electronic devices

Small parts

**SELECTABLE HEIGHTS FOR DRAWER CASES: 50, 100, 150, 200 MM**

## Why to Choose SaveDrawer?

- **Compact Design:** Ideal for limited spaces, offering flexible storage with a variety of compartment sizes.
- **Secure Access:** Individual access control ensures safe and monitored distribution of items.
- **Real-Time Tracking:** Monitors inventory usage with instant data updates for precise stock management.
- **Cost Optimization:** Reduces waste with controlled dispensing and efficient inventory allocation.
- **Scalability:** Easily integrates with additional modules for expanding capacity or functions.
- **Multilingual Interface:** User-friendly operation with global language support.
- **Customizable Solutions:** Adapts to specific business needs for managing tools, PPE, and other assets.
