

PREMIUM TOWEL COLLECTIONS
BY POLISH TOWEL FACTORY

ZWOLTEX

®

SINCE 1946

Zwoltex is Poland's largest manufacturer of bath towels, kitchen towels and other home textiles. Our state of art machinery enables us to control all stages of production such as beam warping, weaving, yarn dyeing, shearing and hemming in our facility which is one of the most modern in Europe.

Our high quality bath and kitchen towels have been used in millions of households in Poland and around the world for 80 years. Thanks to our newly devised unique ultra soft technology our towels are exceptionally soft, fluffy and absorbent. As the only manufacturer we confirm the highest quality of our towels by a 5 year guarantee on absorbency and colour fastness.

According to The Quality Leader of 2025(tenth time in a row) survey conducted by a Polish business journal Economy Zone, Zwoltex is Poland's best perceived brand of towels

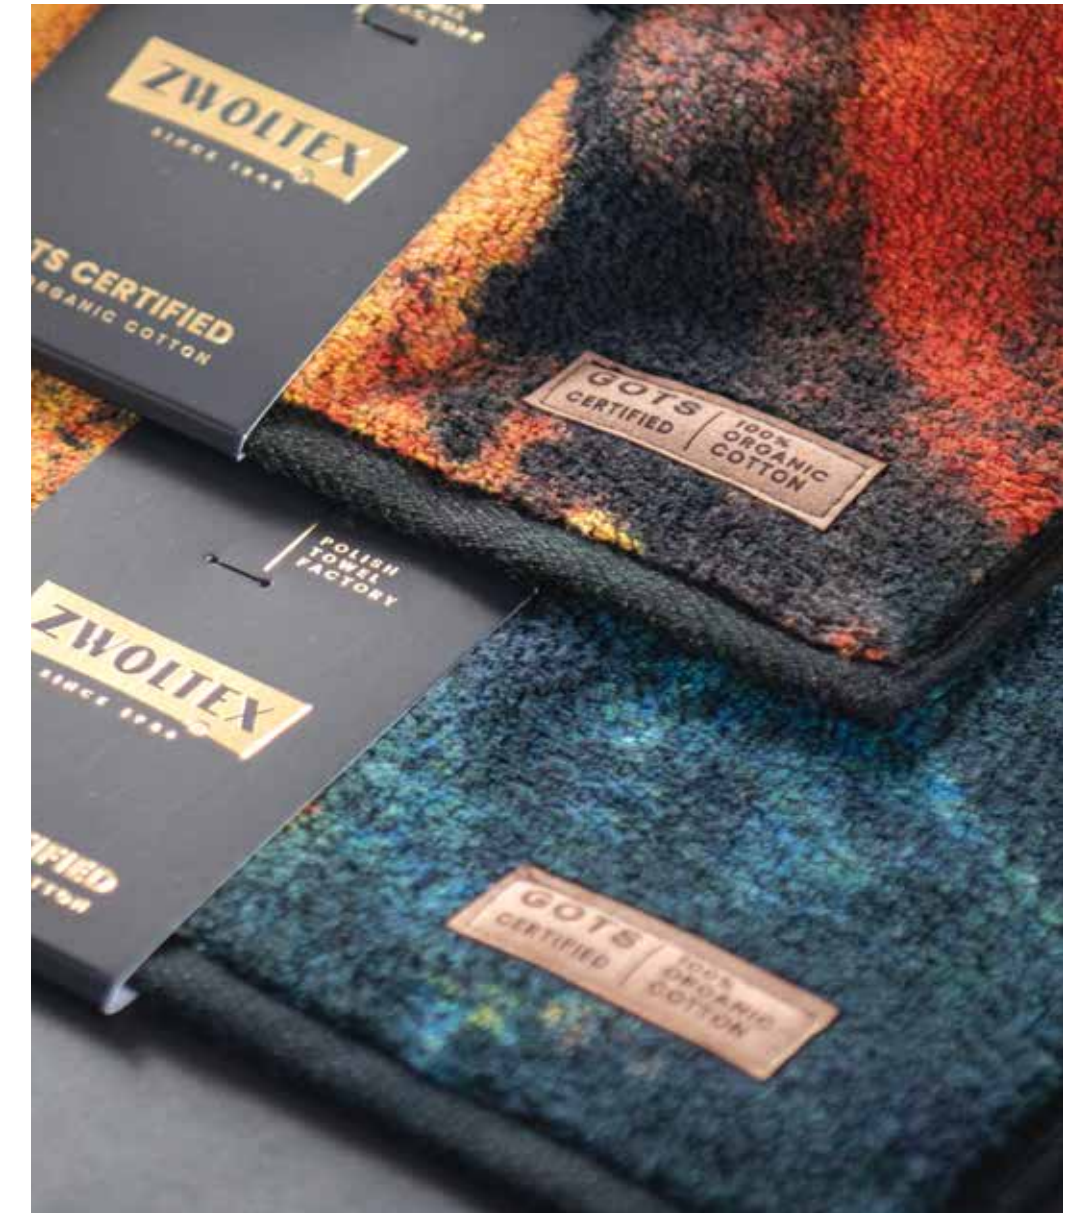

PREMIUM TOWEL- ELS WITH UNIQUE DESIGN.

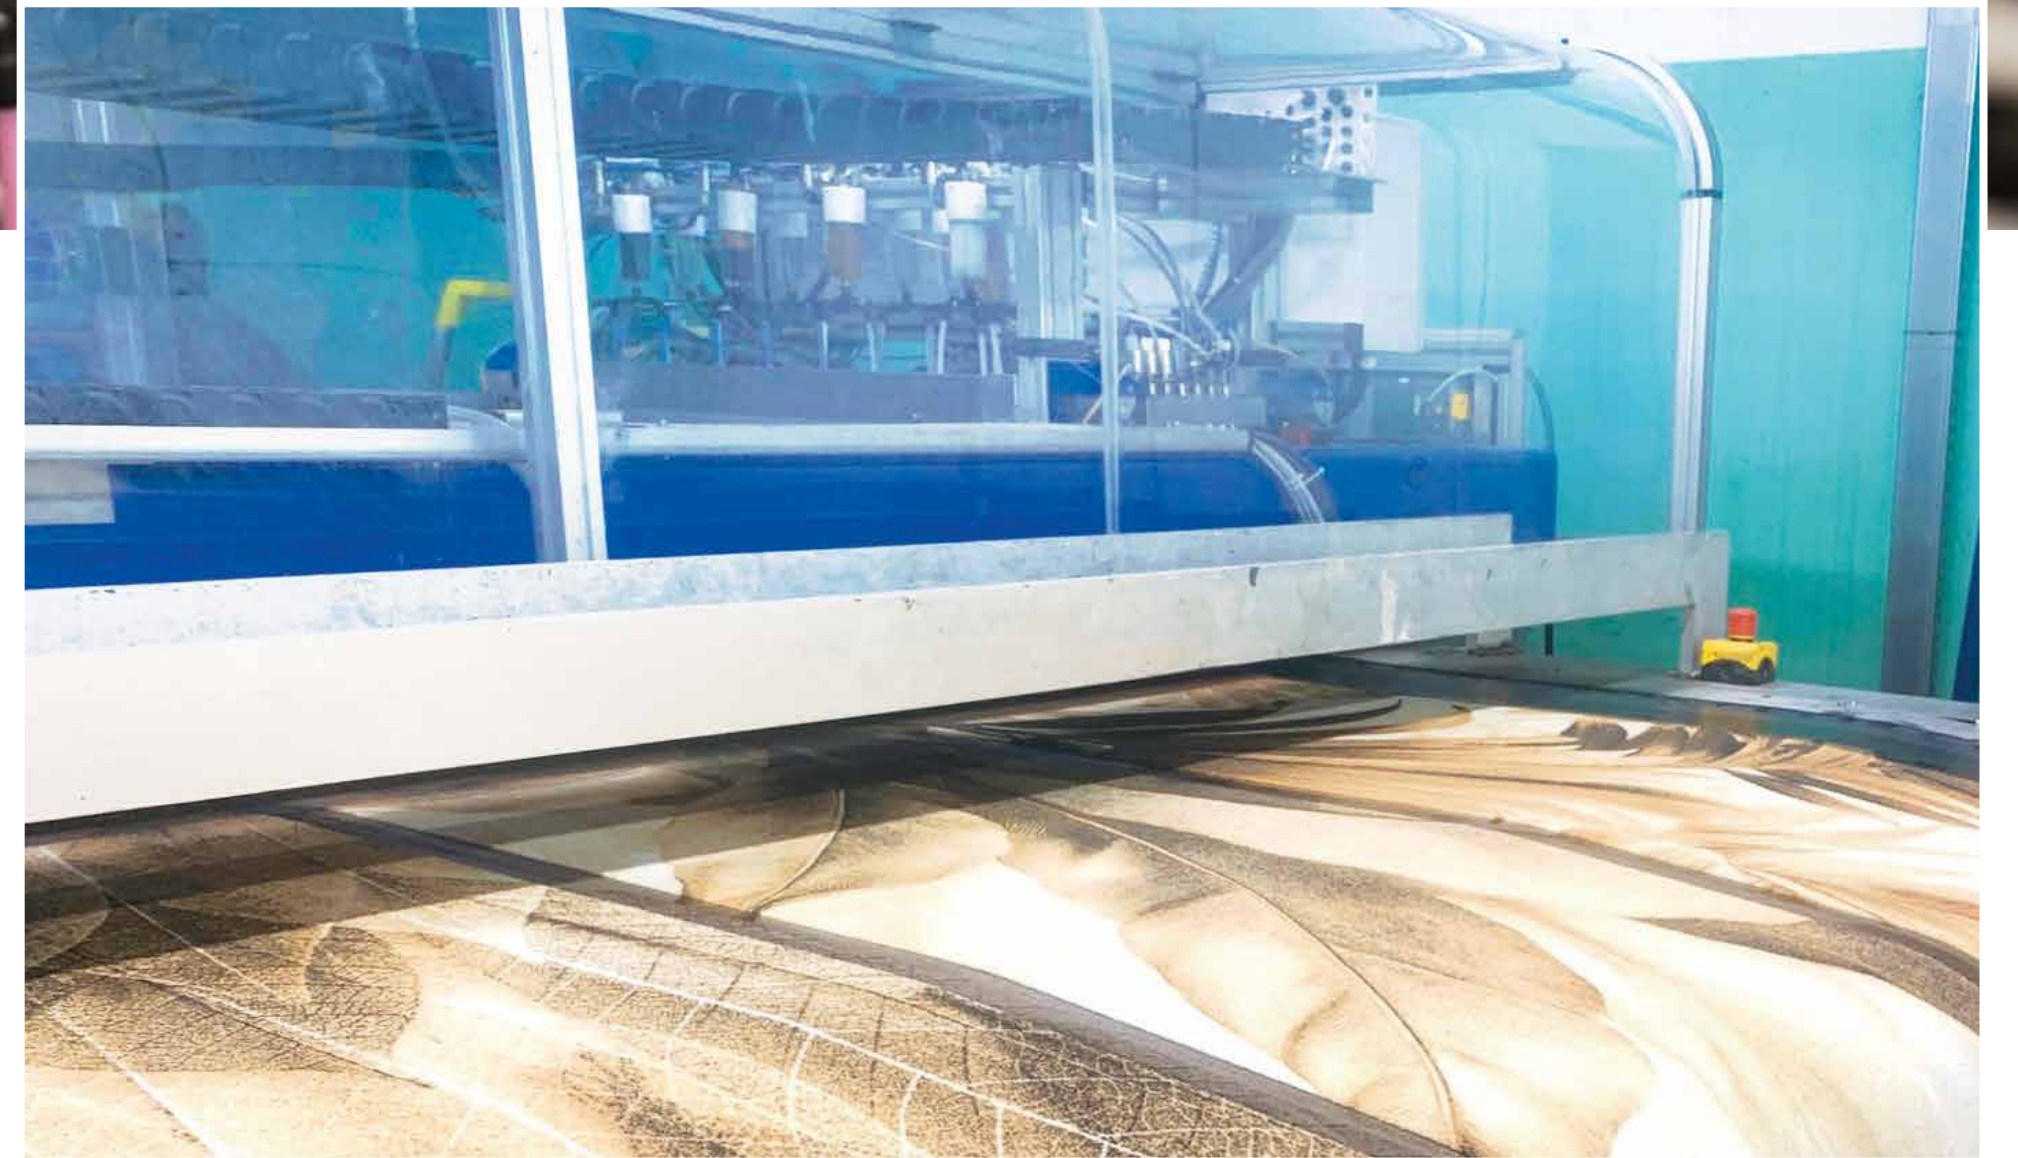

All our printed collections are of the highest quality:

- unique designs imitating the texture of stoneware, concrete, and ceramics, applied using deep-penetration printing technology,
- 600 gsm of exceptional softness, fluffiness, and absorbency,
- GOTS-certified organic cotton,
- perfect finishes with elegant fittings or a dyed hanger matching the towel's color,
- additionally, our printed collections have a color on the reverse side that matches the main design, making them double-sided and more aesthetically pleasing.

Our unique printing technology penetrates deep into the towel's structure, making the pattern significantly more durable and ensuring superior coverage across the entire surface.

The STONES collection

The STONES collection from Zwoltex is a complete innovation in the world of textiles. For the first time, we've transferred the true textures of stoneware tiles, flooring, ceramics, and textured marble surfaces directly onto towels. This design looks like a piece of a modern interior, while remaining soft, fluffy, and incredibly pleasant to the touch.

THE FLOWERS COLLEC- TION

the flowers collection features 9 multicolor plant patterns applied using deep-penetration printing technology, guaranteeing high durability and high-quality motif reproduction. Golden and green leaves, magnolia blossoms, and hints of spring and autumn will allow you to create a unique atmosphere in your bathroom and infuse your interior with freshness, color, and energy. Besides their attractive designs, what sets our printed products apart from all others on the market is their quality and usability. In the Flowers collection, we printed on a thick 650g towel, creating a super-soft, absorbent, and fluffy product that provides the highest level of comfort.
