

# CAPRINE WINES – PROFESSIONAL OVERVIEW 2026

Fattoria Le Caprine | Tuscany, Italy

## POSITIONING

Fattoria Le Caprine is a small family-run winery in Tuscany dedicated to native grape varieties and controlled, identity-driven production.

We farm organically and deliberately maintain low yields to preserve balance, structure and consistency over time.

In the cellar, we adopt a low-intervention approach:

- Indigenous yeasts for reds and skin-contact wines
- Selected yeasts for fresh white and rosato wines

Each wine is shaped by the vintage, not by a fixed formula.

## PRODUCTION SNAPSHOT

Vineyard: 2 hectares

- 1 hectare planted in 1970 (restored in 2016)
- 1 hectare planted in 2020

Limited annual production with controlled allocations per market.

Farming: Organic vineyard management (no synthetic products used)

Aging philosophy: Concrete, terracotta amphorae, oak and acacia barrels – chosen according to grape and structure.

## PORTFOLIO 2026

### **SPONTANEO 2022 - IGT Toscana**

14% ABV

80% Sangiovese / 15% Canaiolo / 5% Colorino
